

As part of this year’s marketing campaign for the Home Energy Audit and Retrofit Program, the Ministry is enhancing the retail promotion of the programs throughout Home Depot stores in Ontario.

The Home Depot will be conducting energy efficient in-store demonstrations during the week of Sept 29th – Oct 1st in their stores across Ontario. These demonstrations will be focused on energy efficient upgrades specific to products that are eligible for retrofit grants under the program.

Visit the following Home Depot Stores at the dates and times listed below to learn more about how to make your home more energy efficient.
